Dear Mr. Anshuman,

Thanks for your letter dated June 8, 2009 alongwith which we have received your booklet of "*Renewable energy*" which indeed is electrifying the wind and solar industries. We shall appreciate receiving similar reports henceforth too.

In the near future, as may be convenient to you, we shall arrange to fix up a meeting at our Corporate Office so that you can present the strategies you are using to popularize these renewable energy resources as that will play an important role in controlling and reducing the malaise of global pollution and help in consistent development of renewable sources of power for India.

Looking forward to hear soon.

With kind & cordial regards,

V.P. Mahendru
Chairman-Managing Director
